# Anson Chan

On October 11th, 2011, our students were fortunate to have Dr. Anson Chan Fang On-sang (GBM GCMG hon. CBEJP) as our guest speaker on issues like civil responsibility and the basic rights of a Hong Kong citizen. Dr. Anson Chan spoke impassionedly, encouraging students to ask more questions about Hong Kong's civil liberties as well as why it is important to do so. Students were reminded that the future of our rights are in the hands of the youth, and therefore it is important for our students to understand and therefore be involved. Overall, it was a valuable learning experience for all of SPKC, and once again, we would like to express our heartfelt gratitude to Dr. Chan for her presence and the inspiring lesson.

In order to foster students' leadership, to be a responsible citizen and to promote International awareness, the Interact Club under Hong Kong Rotary has been established in our school. This club is an international organization of service and social clubs for young people of secondary school age. Inauguration ceremony of Interact Club was successfully held on 24 October, 2011. It was our honor to invite Mr. C.Y. LEUNG (GBM, GBS JP) to be our Guest of Honor.

16 students were appointed to be the first committee members of Interact Club. Joint-school activities and voluntary services will be launched with other schools such as Wah Yan College, La Salle College and Stewards Pooi Tun Secondary School. It is believed that our students, led by Chairperson Peony Tam, will play a very significant role in leading all SPKC students to take part in the voluntary services so as to dedicate our sincerity, love and care to the needy.

## S.1 Admissions Briefing day

On November 12th and 13th, the school opened its gates for the annual S.1 Admissions Briefing day. SPKC was honored by the presence of more than 1,500 visitors that day. The Briefing day provided an informative experience for parents with pre-S.1 students, and it also allowed visitors a tour of our school grounds. Visitors were greeted with display boards by various subjects and departments of the school, allowing them a deeper understanding of the school's features and qualities. The Briefing day garnered praises from guests for the organization of events, to the performance of students all over the school. Praise be to God who has blessed us with this successful event.

## Donald LO (Chairperson)

First, I'm honored to be the first chairperson of SPKC's Campus TV team. Being the chairperson has been an unforgettable experience in my secondary school life. Campus TV is a medium between students and school. Students can know more about the school, through this media, and information can be easily communicated in school. This is a good opportunity to learn more about media, as it may help us in work in our future careers because the mass media is a big business in Hong Kong; the press is a big industry in Hong Kong. We may apply what we've learn in our careers later on.

Last year, we joined a competition held by National Geography Channel, it was a great challenge for our team, it was the first competition we've join.

We went to Causeway Bay & Mong Kok to shoot the urban scenery in Hong Kong. The most memorable moment happened while shooting in Mong Kok, a disable person with no hands was writing Chinese calligraphy on the floor. We ended the video with a calligraphy '拚搏' by this man, as we felt that this was the attitude of the Hong Kong people.

## Liza WONG (Vice Chairperson)

It's been a year since I was a member of Campus TV team and I'm honored to be the vice-chairperson this year, as I've heard that the Campus TV team is one of the most important teams at school. We record all of the important events at school and show them through the Digital Signage System.

In the beginning, we held meetings only in classrooms. But now, we have our own Campus TV centre and have all those valuable cameras and facilities. It's all very different now compare to a year before.

The most memorable experience throughout the year was working on the Athletics Meet. In the past few years, we could only sit on the balcony. But as a Campus TV team member, we can go anywhere we want to in the sports ground and videotape those exciting matches. And it's a real fun videotaping the teachers and students.

And again, it's really a great honor to be the vice-chairperson of the Campus TV team; I hope you all enjoy our programmes as much as I do!

# A Report from the Campus TV Team

## Krystal LAI (Vice Chairperson)

Hello everyone, I am Krystal, the vice-chairperson of Campus TV team. I am happy to serve the school as a team member of Campus TV. As all of you know that, our members are keen on using those cameras and processing those memorable videos, have you watched any of them?

It was a great honor to start the team with Mr. Stan Shum, Donald, our chairperson, and Liza, another vice chairperson. Through out the time we spent together, a friendship and understanding built up between us. The most unforgettable memory should be the competition we joined where we needed to go around Hong Kong in order to get footages. Can you imagine that some of us stayed at school until 9:00pm just to edit a 5 minute video? We used more than 40 times the time of preparation in order to create 5 minutes recording. I will never forget those precious moments we worked together.

The well facilitated Campus TV centre provided a great environment for us to work, to learn and to have fun. The skills that we learnt are totally different from what we learn in class. Last year, we went to the centre almost every day, it was like we were addicted to the Campus TV. See how much we love our CAMPUS TV team!!!

Last but not least, joining the team made me realize that school life is not only about striving for academic excellence but also to find our interest in different kinds of non-academic activities. And I would like to say thank you to our school for providing this great opportunity to us and always showing support to our team.

## Peony TAM (Leading Host)

It is a really great experience joining the Campus TV team. As I'm the leading host of campus TV programs, I have been having precious opportunities to polish my skills in delivering messages and expressing ideas. When I was small, I found the reporters and MCs from television were extremely professional and skillful in managing the news or programs. That made me fall in love with being a host.

The most memorable experience was interviewing Dr. Anson Chan. Since she is a highly respected person in Hong Kong, we did a lot of preparation on deciding which questions would be appropriate to ask. I realized that good cooperation with teammates is important, as having good communication can make the whole matter to process more fluently.

Last year, I was too focused on taking charge of hosting programs, I seldom had the chance to monitor the cameras or video recorders. However, shooting is a crucial part of making an interesting program, therefore I tried filming and I found the experience extraordinary. Yet, I still need to keep learning from my other teammates as they have more experience on this.

I have had a fruitful time in the Campus TV team. When the new shows are aired on the television, we feel really glad and proud of ourselves. Seeing our schoolmates enjoy our meticulous programs, we see ourselves becoming more creative and mature.

## Review - Mr. Stan Shum

The Campus TV team was formed in last year, as a brand new team, the first step is always the hardest. In the first year, we trained the core team of Campus TV members mainly in camera, editing and script writing skills. Meanwhile, the Campus TV team practiced these skills by producing videos for the school, like the Athletics Meet highlights, LEWOWA programme highlights, promotional video of the Learning Centre, the opening ceremony of Learning Centre and etc. Last year, we joined two public video competitions, one is called "關愛短片" which was held by TKP Foundation and the other one - "Live Curious Awards" was held by National Geographic Channel. Although we did not get any prizes, the members knew more about the process of video production, they also had the opportunity to watch and learn from other team's excellent productions.

After the first year, we managed to train up a few great producers like Donald LO (5G), Krystal LAI (5F) and some excellent hosts like Peony TAM (5G) and Liza WONG (5G). The Campus team is now becoming bigger and bigger, as we produce our own programmes like "Foreign Language", "A moment of Bible" and etc. These programmes are designed by our members and produced by themselves. In the future, we hope to see the core team leading the new generation to build up the team to become better and better.

# SPORTS DAY

## 4-house Cheering Teams

Without the presence of 4-house's tremendous support towards the athletes, their sports performance wouldn't be as outstanding! Thanks to the 4-house's professional cheering team!

With the 2-week time preparation, over 50-student from each house, both the slogan teams and dance teams prepared their best not only to fight for the glory of their house, but also the 4 new trophies - the Best Slogan, the Best Spirit, the Best Decoration and the Best Dance. Though not all of them could win the trophies, their selfless performance inspired and motivated the athletes to throw all they have into the competitions.

Special thanks to the Student Union as they sponsored the drinks and candies to the cheering teams. This showed the spirit of "Pooi Kei, one family" and students' support to each other!

## Sport Association

This year, the Sport Association assisted PE teachers to prepare for the Athletics Meet. Not only to learn how to organize a huge school event, but also to help promote the culture of sports and sportsmanship in our school. We really appreciate their outstanding and remarkable performance throughout the preparatory period of this event. It was also a meaningful experience for them to learn about sports in an administrative way. I thank God for leading them to start a new page of SPKC sports culture.

(By Mr. Alex Ng)

## Student-helpers

This was my 7th time to be the organizer of Athletics Meet. How did I feel this year? In two words, perfect and excited! Though it was hard for me to prepare such a large event, I had a lot of support from different teams, especially the student-helpers team; these were the Track and field student-helpers, First-aid assistants, Uniformed groups, Prefects, Photography team and the Campus TV team. We would like to give our sincere thanks to them. They really did a great job!

# 中六奮進營

2011

年的9月1日上晝，在全港中小學生都正在參與開學禮的時候，培基的中六學生卻竟然正在北潭涌紮木筏！

集體逃學？

原來他們不是在玩樂，而是在參加學校為這級學生舉辦的奮進營，為的是透過各種不同形式的訓練，提升他們的鬥志和建立正面的價值觀，迎戰第一屆的DSE中學文憑試。8月31日，在學校參與提早舉行的開學禮後，百多人浩浩蕩蕩，就朝北潭涌度假營進發。

♥與校長的真情對話。

我們愛Mr. Lui，還有後面的校長！

同學仔細聽教官的指示，進行訓練活動。

到達後的第一件考驗——揹著所有行李在空地上跑圈。

縱是百般辛苦，敢於挑戰自己極限，才是叩開大學之門的關鍵！

看吧，我們的旗幟！去吧，6JOY！

互相扶持，盡己所能。

終極大考驗，全級徒手過高牆

事竟成！

在營會舉行初期，同學們都不習慣於教官的嚴厲和嚴苛的活動要求，甚至產生抗拒的心理，但是他們意想不到的是，當他們兩天後出營的時候，幾乎都異口同聲地述說營中的得著和反思。這次是中六學生們永誌難忘的集體回憶，也是他們面對公開試挑戰而踏出的一大步！

對於忙碌的家長，週六是休息的好日子。在學期初的一個週六（十月八日），一批中一新生家長卻選擇陪同子女參加中一親子日營，藉此促進親子關係。是次以「卓越生命」為主題的活動，是本年度一系列親子講座及工作坊的前奏。當天上午和下午兩個時段的親子工作坊，共有二百四十多位家長出席，還有一百七十多位中一學生參與，可謂熱鬧非常。透過專業導師帶領的生活歷奇活動及主題短講，家長和學生都獲益良多，離開時大家都帶著愉快溫馨的回憶歸家。有家長表示在活動中看見孩子的另一面，原來他們可以勇於發表意見。有學生在遊戲中發現父母原來可以如此投入，親子合作完成一些任務，成為大家寶貴的體驗。

同學們：別忘記自己寫在紙飛機上的夢想，努力啊！

### Taddy Yeung

Hi everyone :D, this is Mr Yeung, Taddy. I am teaching IH in S3 and History in S4 and 5 this year. Some of you may not know me very well and I am not

going to introduce me in details haha. For my hobbies, I like playing table tennis and soccer, feel free to play with me if you have time. If you want to know more about me, you can come to find me personally and I could have a nice chat with you.

### Terrence Kwok

今年我有幸加入培基這個大家庭！不要被我龐大的身軀嚇怕，只要你願意花時間好好跟我傾談，定會發現我「可愛」的一面！（觸犯校規除外！）

### Henry Chan

Hello, I am Henry Chan. This is my first year here, and I am now teaching S1 Integrated Humanities, and S4 and S5 Liberal Studies. In my leisure time I like to watch movies and

travel, because these can inspire me to think and know more about the world. Nice to meet you all!

### Mandy Wong

Hello! I am Miss Mandy Wong. This is the first year for me to be teaching at this school, and I mainly teach Biology. Many students believe that studying Biology is just about memorizing facts, but I personally believe that Biology is not something that is limited to the boundaries of a textbook. It is an amazing subject that links to the living things all around us. So, I hope that I can inspire my students and give them a passion to study Biology. I also believe that communication is important between a teacher and a student, so do feel free to talk to me about anything, even if it is not Biology-related!

### Dora Ng

Boat rowing, sight seeing, taking pictures of flowers, gaining new experiences... these are a few of my favorite things. One way to remove the down feelings is to recall something which can always make you smile or even laugh. My mood can be uplifted when I recall my most favorite thing - the giggles and lovely faces of many babies I come across!
