SPKC as an EMI school 全英語教學環境

As an EMI school, SPKC provides our students with quality English Language education aimed at the enhancement of students' proficiency in English whereby they can become effective communicators in this medium for our modern world.

We believe that enhancing teaching quality and effectiveness in English learning inside and outside the classroom is of the utmost importance in consolidating the language foundation and cultivating the learning environment. The small class teaching policy in our school has enabled our teachers to cater for learner diversity and maximize students' potential. Through the implementation of the Literature in English programme, Drama Education, Book Appreciation Award Scheme and the support of NETs, students are able to enhance their proficiency for internal and external exams as well as for their lives and careers. Senior Form students are also given opportunities to take Cambridge University IGCSE English 'O' level and have IELTS examination preparation.

We are able to provide students with numerous opportunities to use, appreciate and explore English in a relaxed and friendly atmosphere through a variety of activities organized by the English Department. The establishment of English Zone with interesting resource materials has successfully created a comfortable environment for Self-Access Learning, at the same time providing activities with explicit links to classroom learning. We endeavour to promote the use of English integrated into our daily school life and an English learning environment using daily English Announcers in morning assembly, broadcasts of SPKC Radio, the English Newspaper "Express", English Speaking Days twice a week and a range of other learning experiences. In order to widen students' opportunities, we provide maximum English exposure as well as meaningful and purposeful activities outside school. We encourage students to participate in different activities out of school such as inter-school regional and national competitions, the Speech Festival, NESTA SCMP Debating, Sing Tao Debating competitions, Mock Trial Competitions, Joint Schools Oral Practice, and the Hong Kong School English Drama Festival.

In addition, we also understand that knowledge should not be limited by subjects, but should be complementary to each subject. Therefore we have attempted to broaden students' perspectives and develop skills for life-long learning by fostering greater coherence between English Language and the other subjects such as Integrated Humanities (IH), Mathematics, Music and Art through cross-curricular collaboration.

As an EMI school, English is the foundation and rationale of SPKC's academic programme. It is essential for the development of an international perspective and life-long learning.

本校以全英語授課，為學生提供優質英語課程，以提升學生的英文水平，培養其溝通能力。

我們深信，無論是在教室內外，教學素質以及有效的學習，對打好語文基礎以及建立良好的學習環境尤為重要。本校實施小班教學，有助教師針對學生因材施教，發揮學生潛能。英國文學課程、話劇教學、英文閱讀獎勵計劃以及以英語為母語的專職教師，都讓學生在校內外考試、日後求職，以及日常生活中，均能活用英語。至於高年級學生亦可參與劍橋大學IGCSE英文考試，以及IELTS考試的應試訓練。

本校英文科讓學生在多元化的活動中，輕鬆地掌握英文。特設的「英語角」備有大量有趣教材，讓學生愉快、輕鬆地自學，也能與常規課堂互補，加強教學效果。我們更透過學生英語報告員、校園電台、英文學生報"Express"、每週兩天的全校英語日等，致力營造一個英語校園環境。為擴闊學生視野，我們亦鼓勵學生參與校際地區及全國性比賽和活動、如英語辯論節、NESTA-SCMP英語辯論賽、星島辯論賽、模擬法庭比賽、聯校口語溝通訓練，以及香港學校戲劇節等等。

除此以外，我們提倡跨課程的學習，透過與綜合人文、數學、音樂、視藝等科目協作，增廣學生見聞，培養其終身學習的習慣。

對於一所以英語授課中學而言，英語教學正是學生終身學習、培養國際視野以及提昇學術水平的基礎。

International Perspective in SPKC 培育國際視野

In order to broaden our student's horizons, and to encourage them to adopt a global vision and international perspectives, SPKC is devoted to cultivating intercultural awareness and sound understanding of various world issues. This is developed and promoted through a wide range of initiatives, activities and learning opportunities throughout the year. Through our sister-school exchange schemes, Learning Without Walls (LEWOWA), and participation in international projects with local and overseas schools, SPKC students have access to a global and multicultural network of education communities to explore global issues and cultural diversity first-hand.

On campus, International Awareness Week and Intercultural Forums are held to invite students and members of different local communities to engage in sharing about world needs. In previous years SPKC has held video conferences with schools from 14 different countries. These projects have also included collaborative music composition, digital storytelling video production, intercultural forums, Mandarin debates and English book review conferences.

SPKC has sent teams to participate in two Model United Nations conferences as representative delegates of Brazil, South Africa, and Saudi Arabia. In safeguarding the interests of the Third World in some of the most critical and controversial global issues, our delegates sought to reach peaceful compromises and mutual understanding that are so desperately needed in our world today.

A highlight of the year for many students is of course the LEWOWA program. Students from our school have travelled to far off places such as Switzerland, Germany, England, USA, Australia, France and to shorter distance trips nearer to Hong Kong. This provided students with unique and valuable opportunities to not only learn about but to also see, hear, taste and interact with all that these unique places have to offer. It is a unique, exciting, and exhilarating experience for all students and teachers alike. We are also now part of the AFS student exchange programme and have hosted students from Italy and Holland whilst some SPKC students have also spent an academic year in Norway and Italy.

本校致力培育學生面對世界的廣闊胸襟，且拓展他們的國際視野。通過我們的姐妹學校交流計劃、「學習無疆界」課程，以及聯同本地和海外學校一起參與不同的國際事務，學生能直接加入一些跨國跨文化的教育團體，獲得有關全球化問題的第一手資料，更能親身探索及體驗文化的多元性。

本校每年舉辦「國際關懷週」和「文化論壇」，邀請國際學校的學生來本校參與文化交流活動，彼此分享和學習。本校每年亦積極與世界各地的學校安排多次視像會議，讓學生與來自不同文化背景的朋輩交流。本校透過視像會議交流的國家已達十四個，內容包括作曲、數碼故事創作、文化論壇、普通話辯論及英文書會等。

此外，本校也派出代表隊伍參加模擬聯合國會議，曾代表的國家包括巴西、南非及沙地阿拉伯。身為這些國家的大使，學生積極為第三世界的利益辯護，亦在不同具爭議性的國際議題上與各國代表談判，尋求和平解決的方案，當中的合作精神和溝通技巧正是現今普世極其需要的。

作為本校的重點課程，「學習無疆界」為學生提供寶貴的課室外學習體驗，學生的足跡遠達英、美、德法、澳洲、瑞士以及亞洲各地區。這種獨特難忘的體驗不但令學生增廣見聞，更提升了他們的學習興趣。學生積極參與課程，認真學習的態度更令人鼓舞。

Christian Education 基督教教育

Our school has been blessed with a group of warm-hearted and devoted Christians, some of these teachers have been charged with the mission of spreading the word of God and leading those students who are already Christians. This team, aptly named, the "Christian Education Team" is led by our school Chaplain, and was created with close ties with the C&MA Abundant Grace Church in-school Pastors and BREAKTHROUGH. The Team seeks to lead our students in finding the truth, committing to the faith, and becoming passionate about serving the community through the Personal-Social-Spiritual Education curriculum and various other activities such as fellowship, spiritual reading scheme, discipleship training, leading of school-wide prayers during the morning assembly, gospel week, development camp, Gospel basketball and soccer teams.

本校任命校牧與一群對信仰委身的老師組成基督教教育組，與駐校教會——基督教宣道會廣恩堂牧者及突破機構合作，透過生命成長科課程、學生團契、屬靈文章閱讀計劃、門徒訓練、早會祈禱、福音週、成長營、福音球隊等活動引導學生認識真理，投入信仰，建立使命感和服務社會。

Moral and Civic Education 德育及公民教育

We believe every SPKC student possesses intelligence and virtue. They can glorify God and serve others. To achieve these goals, clear developmental goals are set for each form including self-management and confidence (S.1), Harmony and Diligence (S.2), Initiative and Competence (S.3), Responsibility and Serving Heart (S.4), Vision and Perseverance (S.5) and Excellence and Integrity (S.6).

We seek to cultivate our students with these characteristics. This is done through activities like Poverty Week, Love Ambassador Programme, Green Ambassador Programme, current affairs forums, student leaders' election, Civic Education talks, health education workshops and variety of adventure-based training programmes.

Our students are also keen on performing voluntary service. We have joined the "Heart to Heart School" programme organized by the Hong Kong Federation of Youth Groups to motivate our students to actively participate in the community and school services, we were awarded the "Caring School Award" from HK Christian Service last year. In addition to Rotary Interact Club, Red Cross and Boy Scout, all students are also required to participate in community services, including Flag Selling activities, charity walkathons, and elderly home visitation.

我們深信培基學生具備知識及美善品格，能同時榮耀神並服事他人。故此，我們為不同級別定下明確目標：自我管理及自信（中一）；勤奮及和諧（中二）；主動及能力（中三）；服務及責任（中四）；遠見及堅毅（中五）；正直及卓越（中六）。

我們透過不同的活動，幫助學生培育上述品格，包括「貧窮週」、「愛心大使計劃」、「環保大使計劃」、「時事論壇」、「學生領袖選舉」、「公民教育講座」、「健康教育工作坊」，以及各種歷奇訓練計劃等。

本校學生亦樂於參與義工服務。我們多次參與了由香港青年協會舉辦之「有心學校」計劃，以鼓勵學生主動參與學校及社區服務，去年更在香港基督教服務處舉辦之「關愛校園獎勵計劃」中獲獎。本校除設有扶輪青年服務團、「義工力量」學會、紅十字會與童軍等組織外，所有學生均須參與不同的社區服務，包括賣旗活動、步行籌款、老人探訪等等。

Recently, my friends shared their views towards me and could not believe I was that shy and quiet when I was little. They concluded that I must have "grown up a lot in SPKC". I believe there is no shortcut for everyone of us to grow up, the one and only way to achieve this ultimate goal in our lives is to treasure every opportunity around you.

I really thank God and teachers for giving me lots of opportunities when I was studying in SPKC, some of them were very first experiences for me. For instance, I had to stay up late for the sake of meeting the deadlines of group projects. There was also the first time I stood in front of political bigwigs, two hundred teachers and students to share my views, the first time for me to take part of tug-of-war on the beach with my classmates and the people on the beach cheered for us, the first time I slept at six after an overnight activity with my friends and rushed to school together in the morning. When I look back, these awesome experiences not only provided me with the interpersonal skills, but also knowledge. At the same time, these equipped me with the correct attitude towards study and shaped me as a more outgoing person and to become a more mature person. I thank God, the Principal and teachers for providing me with such a wonderful school life in Pooi Kei.

Studying in SPKC has been a great pleasure. SPKC is a place which has equipped me to be an all around student and independent leader. SPKC provides me a variety of learning opportunities, including aesthetic development and leadership training. With teachers' assistance and advice, I have gone through different types of adversity and evolved to becoming a better me. If you possess a will for learning, I believe SPKC is a Utopia for you to explore your strength, understand yourself and develop your character. I am thankful to be one of the members of the SPKC family. SPKC has given me so many opportunities to try out different roles and competitions in my school life. I have experienced a lot of first times in this school, like the first time to make a speech, the first time to join a inter school competition, the first time to be the MC. I treasure every chance and every practice that I had because I always bear in mind that nobody is perfect. It is crucial for us to listen to others advice and think thoroughly then improve ourselves each time. No matter how clever you are, diligence is always the key to success.

Outstanding School Team of the Year: English Debate Team

年度傑出校隊：英語辯論隊

English Debating has been a feature of SPKC over the past 6 years and in 2013 the years of effort and preparation came to fruition with the Senior Team taking out the NESTA/ "South China Morning Post" Hong Kong Schools' Debating Championship [Division 1A] with the Junior Team becoming First Runners Up in Division 2A. SPKC is the only school to have 2 teams in the finals of this competition. Over the past 6 years the Debate team has :

- * been regularly ranked in the top 8 schools in Hong Kong for the SingTao Competition
- * become NESTA/ SCMP Champions and also First Runners Up [twice]
- * entered a variety of competitions including Hong Kong Schools' Debating Council [mainly International Schools]

SCMP
27/6/2013

Currently there are over 35 members with a high proportion coming from Secondary 1 and 2. Coaches are Mr Tom Derbyshire and Ms Eva Yuen.

Debating brings many benefits as our Team Members say:

Sarah Tse (Senior Team Captain and Club Chairperson)

"I like the sense of achievement from fighting so strongly for a belief and researching motions which open my eyes to a lot of social issues. I learnt also that you can only persuade others only if can persuade yourself to believe in your point of view first"

Sherry Au (Junior Team Captain and Club Vice-Chairperson)

"It is fun and you are able to point out others' mistakes immediately which you may not be able to do in real life. I have learnt to think fast as you have to do tons of rebuttal and to brainstorm ideas"

Isaac Sham (Senior Team Member)

"Debating has helped me think more deeply not just on the surface.....it has helped me to communicate with others effectively and to present ideas concisely. I have learnt calmness in to be very clear about the issues and about any misconceptions that may arise throughout the debate"

Michelle Lo (Junior Team Member)

"I like debate as I can learn things outside of the classroom . It gives me a chance to sense the fullness of knowledge, though I will never be satisfied. I secretly feel special for my team-mates because we have something that other people don't have. How much we did nobody may know but we always feel proud of each other while debating"

Natalie Cheung (Senior Team Member)

"Debating is not just about learning English and critical thinking but also teaches us values in life. We learn to co-operate with others and to overcome our fears speaking before audiences to become confident. We also learn to be organised and to treasure time"

Saturnia Hung (Junior Team Member)

"I have learnt critical thinking and how to work with others to create a good team spirit. It brings me confidence and helps develop my writing and speaking skills and motivated me to learn English. Research and co-operation are also very important"

Settling the debate over mainland stereotyping

Tackling sensitive topic, pupils from Stewards Pooi Kei College take top honours at contest

Wong Yui-hoi

One of the biggest secondary school debating competitions in the city came to an end yesterday, with Stewards Pooi Kei College in Sha Tin debating Xiamen's CCCofYuen College in the final round. The 16th NESTA-SCMP debate, held at City University, was sponsored by tutorial company The Edge Learning Centre and organ-

ised by the Native English Speaking Teachers' Association and the South China Morning Post. The two teams debated whether the city's young people were growing up in a society that encouraged negative attitudes towards mainlanders. The three pupils representing Kowloon regarded that mainlanders were taking up education and medical resources, and driving up property prices, which had made residents bitter. Stewards Pooi Kei took the

opposing view that only a small portion of Hong Kong people held negative views of mainlanders. Although the media had run many stories about public outcries over mainlanders' behaviour, there had also been reports recognising national success in sports and technology. Neither schools nor the government encouraged cynicism towards mainlanders because the city was part of China, they said. They also challenged their opponents to prove that all sectors of society harboured such negative views. This turned out to be a good

and Stewards Pooi Kei were named the winners in the senior category. The school's Sarah Tse Hui-ching, in Form Four, was named best speaker. But the junior team from Stewards Pooi Kei lost out to Hoi Ping Chamber of Commerce Secondary School, in Ho Man Tin, debating the same motion. Adjudicators were impressed with the pupils' response to their opponents' argument. "They listened and responded really well, and the quality of their rebuttals was great," said adjudicator Tom Spencer, a teacher at Law Ting Poong Secondary School.

Recent Curriculum Development 現行課程發展

SPKC offers different combinations of subjects for students to choose from the new NSS Curriculum. Apart from Chinese, English, Mathematics, Liberal Studies and "Other Learning Experiences", students can choose 2 to 3 more electives according to their preference. This allows students to choose the subjects they like with more flexibility.

In order to meet the requirement of "Other Learning Experiences" in the NSS Curriculum and at the same time promote students' whole-person development, our school has taken into consideration different kinds of elements when we designed and prepared for the new curriculum, such as Moral and Civic Education, Community Service, Religious Studies, Physical Education, and Aesthetic Development.

Under 3-3-4, Liberal Studies is a compulsory subject. To help students better understand this subject and to enhance both teaching and learning effectiveness, we have adopted different teaching strategies and activities, such as small-class teaching, lectures, workshops, in-class discussions, lesson observations and sharing as well as outdoor excursions.

本校新高中課程中為學生提供不同學科的配搭，除了中文、英文、數學、通識和「其他學習經驗」外，學生可自行選擇二至三個科目修讀，十分靈活。

此外，本校加入不同的教學元素，如德育及公民教育、社會服務、宗教、體育和藝術發展等，務求配合三三四新學制中「其他學習經驗」的要求，協助學生平衡發展。

在現行學制中，通識科是必修的科目，為了令學生能更有效地掌握這學科，我們採用不同的教學策略和活動，如小班教學、演講、工作坊、課堂討論、嘉賓觀課和分享，以及外出考察等。

Supportive Parents 家校一心

SPKC treasures the belief that family is an important element in nurturing our youth. In order to strengthen home-school cooperation, SPKC and our Parent-Teacher Association, together with Abundant Grace Church and Breakthrough Corporate, prepared a series of parents' talks on Saturday evenings, non-periodical cell meetings and "Mothers Café" for our parents. Our unique SPKC PTA Choir has regular practices and performance all year round. The PTA also organizes family activities from time to time. The parent volunteers have been a strong backup to the school. The Student Welfare Team of the school would invite them to help to select suppliers for school uniform, catering services and textbooks. With their help, the administrative work of teachers is reduced. Teachers can therefore spend more time on students.

家庭與學校都是孕育青少年的重要地方，因此我們一直十分重視與家長建立緊密合作的伙伴關係。每年，本校家長教師會與學校攜手合作，舉辦各類型活動，其中包括與基督教宣道會廣恩堂及突破機構協辦的一系列週六家長講座，不定期的家長小組聚會及「媽媽茶座」。家長教師會屬下合唱團全年均有定期練習及表演。另外，家長教師會亦不時舉辦各類型的親子活動。家長義工素來是校方的強大後援。本校的學生福利關注組會邀請家長幫忙甄選校服商、飯商、書商，以減輕老師的行政工作，讓老師得以投放更多時間在學生身上。

eCampus@SPKC 電子校園 @ 培基

The concept of eCampus@SPKC introduced in 2012 includes eLearning, eAdministration, multimedia and interactive interface, and school IT infrastructure which interconnects with Pooikeian (students, teachers and parents) and public.

Our campus is equipped with fast wireless and Ethernet network (10 Gigabit Ethernet) which facilitates school based E-learning development and teaching strategies.

Teachers have started using tablets to deliver knowledge in a more efficient way. And, the effectiveness of students centered learning will be enhanced by introducing different application software (Apps) in lessons. For instance, a statistical report is generated after students answer the questions, teachers mark students' work and give feedback instantly in class. Furthermore, with i-cloud technology, our students can have self-study anywhere after lessons.

An eAdministration system has been implemented where students use their smart cards for attendance taking, borrowing library books and campus access. Parents can check and sign school notices and pay miscellaneous fees electronically.

For the interactive interface, our new school webpage provides a platform to update all Pooikeians and the public with the latest news and information about SPKC.

Multimedia (Campus TV and SPKC Radio) is also a part of our eCampus. Campus TV has been set up in SPKC in order to put this power of information into the hands of a group of capable and enthusiastic students. By providing students with training in areas such as camera work, editing and presentation skills, we are building our own professional television crew. In return, students are given real-world training that can prepare them for their further education as well as future occupations. Also, students can enjoy the Campus TV programmes and receive important information through the Campus Electronic Bulletin Board system everywhere.

SPKC Radio has an enthusiastic team drawn from all year levels which broadcasts twice a week on a range of interest topics in its lunchtime programmes.

我校在2012年引進eCampus@SPKC概念，整合電子學習、電子行政、多媒體及互動介面及資訊科技基礎設施等，將學生，教師和家長互相連繫起來。

本校配備了快速的無線網絡及以太網絡（10千兆以太網），加上合適的教學策略，為本校電子學習發展打好基礎。

教師已開始使用平板電腦更有效地教學。配合不同的軟件，加強「學生為本」學習模式的成效。

例如教師可以檢視學生作答的統計數據，即時回饋學生。此外，雲端儲存技術更可讓學生在任何地方重溫課堂所學。

本校的行政系統已經開始電子化，學生可使用一張智能卡簽到、借閱圖書和出入特定區域。家長亦可於網上查閱及簽署通告，更可以網上繳交學校雜費。

學校網頁提供了一個消息發放的互動平台，讓人們了解本校最新情況。

多媒體廣播（校園電視台及校園電台）也是我們電子校園的一部份。校園電視台的成立，把傳遞資訊和知識這項重要任務交到學生手中。透過攝像工作、編輯技巧、表達能力等培訓，我們不但建立了一個專業的學校電視隊伍，而且學生更能透過這些實務訓練，為其將來的持續學習奠定基礎。此外，透過偏佈校園的電子告示板網絡，學生亦可隨時隨地觀看校園電視節目，以及接收重要資訊。

校園電台為各級有志於製作節目的學生所組成，每星期兩次於午飯時段播放多元化的錄音節目。

The New Fitness Center 全新體適能中心

The Fitness Center will be opened within this school year. The Center is divided into 4 areas which allow training for cardiovascular, strength, multi-functional, and free weights. A lot of thought was put into the design of the fitness centre, with color schemes that match the lively and energetic atmosphere.

The school has purchased 18 different gym machines, to cover the training needs of all the different Athletic teams. This will not only improve the physical conditioning of our athletes, and also to improve the chances of success for our teams.

體適能中心將於本學年落成。體適能中心分為四個區域，包括有氧訓練、力量雙功能訓練、多功能訓練及自由重量訓練區。在設計上，體適能中心顏色鮮明，具動感及朝氣。

Student Financial Assistance and Scholarship Scheme (SFASS)

學生獎助學金計劃

The SPKC Student Financial Assistance and Scholarship Scheme is set up to support families with financial needs or students with outstanding performance, either in academic or non-academic aspects. It includes School-based Financial Assistance Scheme, and a SPKC Scholarship Scheme. A total amount of about two million dollars, 10% of total tuition fees, will be budgeted for this purpose every academic year.

培基書院助學金及獎學金計劃目的為幫助有助政需要的家庭，及獎勵學術及非學術範疇之表現優秀學生，分為校本財政資助計劃，及培基獎學金計劃。我校每年均將學費之十分一撥入本計劃，總額達到二百萬元。

Highlight of SFASS 獎助學金計劃舉隅：

1. School Fee Remission 學費減免

It aims at providing financial assistance to eligible students to receive secondary education in SPKC. Students in unexpected financial need may also apply for the fee remission. All students are promised that financial difficulties should NOT be a problem for them to continue their studying in SPKC.
